33.31" WIDE X 84" HIGH - 2 Pole Height: 57.25" HIGH - 1 Pole Height: 30.5" HIGH

Tag Name: TC Communications Inc HiRes 121807

Dealer's Name: Skyline Orange County Dealer's Number: 060

Artist's Name: Rene Sanchez Ext: 3077 Rep: Mike Funk Ext: 3066

NOTE: Art can be designed for multi-purpose varied heights. If only 1 or 2 height poles are used, lower portions become hidden in the retractor.

Background of image should fill entire grid to the crop marks.

If using at just full height, then avoid putting critical art elements in the two dark gray areas, or they could be hidden from view or trimmed off.

If also using at 1 or 2 pole height, then you must also avoid putting critical art elements in the light gray areas as well. Art elements that you want hidden when partially retracted, must be below the 5 inch area. Art elements that you want to show when retracted, must be above the 5 inch area.

We require these 5 inch buffer areas to ensure that what you want to show, will show and what you want hidden, will be hidden.
